

# FOUNDATIONS FOR THE FUTURE

## Primary Areas of Repair and Improvement

This is a simplified quick overview. We look forward to presenting more details as we go. Thank you for your continued support and prayers.

- 1 Heating and Cooling** - numerous systems need replacing along with controls.
- 2 Repaving** - parking lot and driveways with new layer of asphalt.
- 3 Audio/Visual** - LED lighting and acoustic treatment in Worship Center, new projection system and wireless mics, and add video capability in Sanctuary.
- 4 Interior work** - replace old flooring in both buildings, painting, replace Sanctuary chairs.
- 5 Exterior work** - security, site lighting, roofing, sealing, painting, repairing sidewalks and steps, storage, and landscaping.
